

Easter 2019

*Easter is not just about Jesus rising
from the dead, defeating death.
It is about our death and resurrection as well.*

(Adapted from the reflection of Thomas Merton
– Seasons of Celebration)

Dear Partners in Mission – Sisters and Lay,

The celebration of Easter invites us to rejoice in the “New Life” that Christ comes to offer us. Jesus rises from the dead and returns to empower his disciples with new energy and new direction.

“Go out to the whole world and proclaim the Good News.”

(Mark 16:15)

Resurrection is not an event that might happen in some distant future, but it is the power to create Life out of death, here and now, today and tomorrow. We who say “Yes” to the dying and rising of Jesus Christ say “yes” to “New Life” every time we make choices which are compatible with Gospel values.

May God’s promise of “New Life” bless and renew you this Easter!
